

## **Jewellers Awareness Programme at Patiala on 18/07/2021**

A Jewellers awareness camp was organized on 18.07.2021 at Polo hotel in Patiala with total number of 170 participants. The purpose of the programme was to apprise the jewellers about the mandatory hallmarking scheme for facilitating the jewellers to create User ID in the new hallmarking portal of BIS and to enable them to generate credentials for online transfer of jewellery to assaying and hallmarking centers (recognized by BIS) through Manakonline portal.

The difficulties faced by the jewellers were addressed and queries pertaining to the mandatory Hallmarking Scheme were answered.

A demo of the Manak online portal was given to explain the complete working of the portal. Each and every step was clearly demonstrated and queries were resolved related to it. They were also explained about the registration scheme of BIS for applying for a BIS license.

The jewellers' association appreciated the BIS efforts in reaching out to the jewellers and solving the problems faced by them in the Manakonline portal.
