BIS JKBO Sensitization Programme for Capacity Building and Promotion of Standards for officials and Technical Heads of JKPCCLtd
20 June 2022

Bureau of Indian Standards (BIS), Jammu and Kashmir Branch Office (JKBO), organised a Sensitization Programme for Capacity Building and Promotion of Standards for Officials and Technical Heads of JKPCCLtd. at the Meeting Hall of JKPCCLtd Head Office Jammu (J&K).

The program's goal was to improve J&K Projects Construction Corporation Ltd. understanding and insights into standard formulation and the use of Indian Standards, as well as to promote the procurement of ISI marked products. The programme was attended by more than 50 JKPCCLtd officials and technical heads of J & K. There were 30 physical participants from the JKPCCLtd office in Jammu and 20 virtual participants from the JKPCCLtd office in Srinagar.

The Chief Guest, Sh. Pradeep Kumar Sharma, Executive Director, J&K PCC Ltd., Jammu, highlighted the need for Indian Standards in civil and building construction work as well as inputs. He emphasised the importance of raising awareness among engineers about the role of Indian Standards in achieving civil and mechanical standards. The department is very much keen on developing a quality culture and quality consciousness among the engineers and officers and standardisation plays a significant role in this direction, he added.

The Executive Director said that focus should be on maintaining quality parameters with respect to maintaining civil quality work, electrical items and other construction-related fields. Standards provide technical guidelines for promoting safety, reliability, productivity, and efficiency in *civil* engineering.

Speaking on the occasion, Joint Director BIS JKBO, Sh. Pankaj Atri, highlighted the role of BIS JKBO through a detailed presentation. He highlighted the provisions of BIS certification and other aspects of BIS. He said BIS works to promote quality consciousness and benefits to the general public. He said such awareness programmes are aimed at inculcating the idea of quality among the masses. Sh. Atri said that the focus of BIS is to handhold the industry so as to ensure quality products reach the consumer.

While highlighting product certification provided by BIS, he said that samples taken from various business and factory units are taken to the laboratory for testing. He said that the general public can register complaints through online mode regarding any violation related to product quality.

Besides standardisation and training, BIS also provides hallmarking and compulsory registration, he added. It was informed that 381 products have mandatory ISI Marking and that in the near future, more products shall be added to the list for which BIS/ISI Marking shall be mandatory.

He also demonstrated the BIS websites, how to select BIS recognized labs for testing samples, "BIS Care App", through which information on Indian Standards, the authenticity of ISI Marked products, and the hallmark of jewellery can be checked. BIS Care App can also be used to register complaints regarding the quality of the product or misuse of the ISI mark. The awareness programme was coordinated by Sh. Ashish Kumar Dwivedi, Standard Promotion officer, BIS JKBO. The programme ended with a hearty vote of thanks to BIS.

बीआईएस ने तकनीकी प्रमुखों के लिए क्षमता निर्माण कार्यक्रम किया

381 उत्पादों में आईएसआई मार्किंग अनिवार्य

और उत्पादों को सूची में जोड़ा जाएगा

‘बीआईएस केयर ऐप’, देगा मानकों की जानकारी

जम्मू. स्टेट समाचार

भारतीय मानक ब्यूरो, बीआईएस, जम्मू और कश्मीर शाखा कार्यालय ने जेकेपीसीसी मुख्यालय जम्मू के बैठक हॉल में जेकेपीसीसी लिमिटेड के अधिकारियों और तकनीकी प्रमुखों के लिए क्षमता निर्माण और मानकों के संवर्धन के लिए एक संवेदीकरण कार्यक्रम का आयोजन किया। कार्यक्रम का लक्ष्य जम्मू-कश्मीर प्रोजेक्ट्स कंस्ट्रक्शन कारपोरेशन लिमिटेड की समझ और मानक निर्माण और भारतीय मानकों के उपयोग के

साथ-साथ आईएसआई चिह्नित उत्पादों की खरीद को बढ़ावा देना था। कार्यक्रम में जेकेपीसीसी के 50 से अधिक अधिकारियों और जम्मू-कश्मीर के तकनीकी प्रमुखों ने भाग लिया। जम्मू में जेकेपीसीसी कार्यालय से 30 भौतिक प्रतिभागी और श्रीनगर में जेकेपीसीसी कार्यालय से 20 आभासी प्रतिभागी थे। मुख्य अतिथि के रूप में जम्मू-कश्मीर पीसीसी लिमिटेड, जम्मू के कार्यकारी निदेशक प्रदीप कुमार शर्मा ने नागरिक और भवन निर्माण कार्य के साथ-साथ इनपुट में भारतीय मानकों की आवश्यकता पर प्रकाश डाला। उन्होंने

सिविल और मैकेनिकल मानकों को प्राप्त करने में भारतीय मानकों की भूमिका के बारे में इंजीनियरों के बीच जागरूकता बढ़ाने के महत्व पर जोर दिया। मानक सिविल इंजीनियरिंग में सुरक्षा, विश्वसनीयता, उत्पादकता और दक्षता को बढ़ावा देने के लिए, तकनीकी दिशानिर्देश प्रदान करते हैं। इस अवसर पर बोलते हुए, संयुक्त निदेशक बीआईएस जेकेबीओ, पंकज अत्री ने विस्तृत प्रस्तुति के माध्यम से बीआईएस जेकेबीओ की भूमिका, बीआईएस प्रमाणन के प्रावधानों और बीआईएस के अन्य पहलुओं को बताया। उन्होंने कहा कि बीआईएस

गुणवत्ता जागरूकता को बढ़ावा देने और आम जनता को लाभ पहुंचाने के लिए काम करता है। बीआईएस द्वारा प्रदान किए गए उत्पाद प्रमाणन पर प्रकाश डालते हुए उन्होंने कहा कि विभिन्न व्यवसाय और कारखाना इकाइयों से लिए नमूनों को परीक्षण हेतु प्रयोगशाला में ले जाया जाता है। यह बताया गया कि 381 उत्पादों में आईएसआई मार्किंग अनिवार्य है और निकट भविष्य में और उत्पादों को सूची में जोड़ा जाएगा जिसके लिए बीआईएस और आईएसआई मार्किंग अनिवार्य होगी। उन्होंने बीआईएस वेबसाइटों का भी प्रदर्शन किया। इसके साथ ही ‘बीआईएस केयर ऐप’, जिसके माध्यम से भारतीय मानकों की जानकारी, आईएसआई चिह्नित उत्पादों की प्रामाणिकता और अभूषणों के हॉलमार्क की जांच की जा सकती है। जागरूकता कार्यक्रम का संचालन आशीष कुमार द्विवेदी, मानक पदोन्नति अधिकारी, बीआईएस जेकेबीओ ने किया।

BIS organises sensitization prog for capacity building

HIMALAYAN MAIL NEWS
JAMMU, JUNE 20

Today, Bureau of Indian Standards (BIS), Jammu and Kashmir Branch Office (JKBO), organised a Sensitization Programme for Capacity Building and Promotion of Standards for Officials and Technical Heads of JKPCC Ltd. at the Meeting Hall of JKPCC Head Office Jammu (J&K).

The program's goal was to improve J&K Projects Construction Corporation Ltd. understanding and insights into standard formulation and the use of Indian Standards, as well as to promote the procurement of ISI marked products. The programme was attended by more than 50 JKPCC officials and technical heads of J & K. There were 30 physical participants from the JKPCC office in Jammu and 20 virtual participants from the JKPCC office in Srinagar.

The Chief Guest, Sh. Pradeep Kumar Sharma, Executive Director, J&K PCC Ltd., Jammu, highlighted the need for Indian Standards in civil and building construction work as well as inputs. He emphasised the importance of raising awareness among engineers about the role of Indian Standards in achieving civil and mechanical

standards. The department is very much keen on developing a quality culture and quality consciousness among the engineers and officers and standardisation plays a significant role in this direction, he added.

The Executive Director said that focus should be on maintaining quality parameters with respect to maintaining civil quality work, electrical items and other construction-related fields. Standards provide technical guidelines for promoting safety, reliability, productivity, and efficiency in civil engineering.

Speaking on the occasion, Joint Director BIS JKBO, Sh. Pankaj Atri, highlighted the role of BIS JKBO through a detailed presentation. He highlighted the provisions of BIS certification and other aspects of

BIS. He said BIS works to promote quality consciousness and benefits to the general public. He said such awareness programmes are aimed at inculcating the idea of quality among the masses. Sh.
