BUREAU OF INDIAN STANDARDS

(CENTRAL MARKS DEPARTMENT - I)

Our Ref: CMD-I/2:17:1 (Machinery Safety Certification)

05 August 2026

Sub: Guidelines for grant of certification as per the conformity assessment Scheme – X of Schedule – II of BIS (Conformity Assessment) Regulations, 2018

Consequent upon the rescission of the Machinery and Electrical Equipment Safety (Omnibus Technical Regulation) Order, 2024, certification of machinery for safety shall henceforth be undertaken on a voluntary basis in accordance with the guidelines stipulated in this document. The categories of machinery eligible for voluntary certification are enclosed at **Annexure-I**. Applications for categories of machinery not specified in **Annexure-I** may also be accepted, subject to examination by Central Marks Department-III (CMD-III). Requests for examination of such categories may be submitted to CMD-III by email at cmd3@bis.gov.in. The categories specified in **Annexure-I** may be reviewed and updated by CMD-III from time to time.

- 1) This document stipulates the guidelines for grant of licence (GoL) to use Standard Mark () and its procedures. These are to be read in conjunction with BIS Act 2016 and Rules, Regulations framed thereunder. In particular, the provisions are addressed in Regulation 4 & 5 and Scheme - X of Schedule - II of BIS (Conformity Assessment) Regulations, 2018, as amended from time to time.
- 2) Procedure detailed in this document is for certification of safety of machinery. Any situation, in general, not covered in these guidelines is to be dealt with as per the provisions of Act, Rules and Regulations by the Regional Offices (ROs) and Branch Offices (BOs).
- 3) Certification under Scheme-X is to be granted based on successful assessment of the technical file submitted by the manufacturer which includes a report of compliance of the product (Product Compliance Report) to the specified requirements.
 - i) Specified requirements are the requirements given in the relevant standard(s) and/or essential requirements(s) applicable for the product. These specified requirements depending upon product may at times be in multiple Standards. And within one Standard as well, there might only be a few specified requirements applicable for a product.
 - ii) Basic principles for risk assessment and risk reduction are addressed in IS 16819 (type A) Standard for the objective of safety of machinery. For better guidance, based on principles given in IS 16819, machinery specific (type C) standards are also to be used (where prescribed / available) which in turn also provide guidance with regard to specific safety aspects (type B1 standards) and safeguarding device/component (type B2 standards).
 - iii) Machine category specific guidance documents are also made available publicly on the BIS website to facilitate understanding towards application of these standards.

- 4) For assessment of technical file(s) submitted by the manufacturer, review is carried out through audits comprising desk audit(s) followed by evaluation carried out during site audit(s). The site can be manufacturing premises and/or any other site(s), if required.
- 5) Application shall be made in the Form-I as specified in Scheme-X. The applicant shall be required to submit the relevant documents as per the Form-I.
- 6) Technical file to be submitted with the application comprises documentation covering design, manufacture and operation of products to the extent applicable and necessary for demonstration of compliance of conformity. The technical file for the product comprise following details:
 - i) Product description with details of variety or grades or type or size as applicable
 - ii) Specified requirements applicable for the product
 - iii) Photograph (s) for identification of the product
 - iv) Manufacturer's name and complete address
 - v) Detail for identification and traceability of product like brand name, trade mark, date of manufacturing, batch or lot or serial number etc. as applicable.
 - vi) Detail of design of the product including drawing(s) as applicable - only to extent applicable required to demonstrate safety compliance as per specified requirements
 - vii) Description of manufacturing process as relevant
 - viii) Product Compliance Report to all applicable specified requirements by the manufacturer's own (including sub-contracted arrangements) laboratory covering aspects such as
 - a) Risk assessment including hazards identification and related risk reduction measures
 - b) Safety function diagrams like stroke limitation, electrical circuit, ground connection, hydraulic circuit, pneumatic circuit
 - c) Safety validation reports with performance level of safety related parts / control systems (SRP/CS)
 - d) Wherever in product compliance report reference is made to requirements of components (like safeguarding devices), following documents may be provided for the details:
 - A) BIS certificate of component
 - B) Original manufacturer's test certificate or data sheet
 - C) Test Report from any BIS recognised / empanelled laboratory
 - D) Test Report from the applicant manufacturer's own (including sub-contracted arrangements) laboratory
 - E) Test report from accredited laboratory
 - ix) Details of in-house quality assurance measures including inspection, test plan and facilities, as applicable
 - x) Instructions for use, maintenance, installation, safe operation of the product; as applicable

- xi) Any other requirement specified for the product.
- 7) Product compliance report shall be in accordance with the specified requirements. Conformity of product shall cover all the hazards identified and safety measures for each of these hazards. The product specific guidance documents, wherever available shall be used and otherwise following categorisation may be done for reporting compliance:
- i) Engineering design based risk elimination or reduction measures
 - ii) Control systems based risk reduction measures
 - iii) Instructions, labelling, marking based risk reduction measures
- 8) Application shall be scrutinised through desk audit evaluation assigned by the Head (BO) for assessment of its completeness including the Product Compliance Report.
- i) Assessment shall also include appropriateness of specified requirements selected by the applicant and whether they cover all applicable safety requirements.
 - ii) It is the responsibility of the applicant to ensure that the product compliance reports submitted are complete in all respects and conforming to the specified requirements including those related to raw materials/components, as applicable.
- 9) Any shortfall observed or queries of the desk audit evaluation shall be communicated to the applicant and the date(s) of the site audit(s) within next 15 days shall also be proposed. Subsequent to the communication of observations/queries, the applicant shall submit reply for compliance and confirm its readiness for the site audit(s) within these 15 days. Team assigned for the site audit(s) shall carry out the visit, if the applicant confirms its readiness.
- 10) To support the evaluation process of product compliance report, site audit(s) will be carried out. Duration of site audit(s) shall normally be four mandays.
- i) Head (BO) shall depute a team as per the competence criteria of qualified auditor(s) with normally a composition of 2 auditors.
 - ii) In case of multiple technical files, 2 extra mandays may be assigned for each additional machine required to be evaluated during site audit(s).
 - iii) Depending upon the nature of product and variations/similarities, the Head (BO) may decide to alter the number of mandays required for site audit(s).
- 11) During the site audit(s), details submitted by the applicant in the technical file(s) shall be assessed for verification of compliance and applicable specified requirements. Verification may involve demonstration by the applicant like test-use scenarios triggering the safeguarding measures and observing outcomes for reporting.
- i) Manufacturing process, quality assurance measures and infrastructure will also be assessed.
 - ii) Any aspect not reported in the Product Compliance Report and communicated after desk audit, shall be evaluated and reported during the site audit(s).
 - iii) If required, this audit may include site(s) other than the factory premises of applicant for which the manufacturer shall facilitate necessary access to support evaluation.

- iv) Site other than the factory premises typically arises in situations where final assembly even at prototype stage is at other premises like sub-contracted location premises or final assembly location site.
- 12) The technical evaluation undertaken and observations for all aspects of the specified requirements shall be reported. Any inadequacy or non-conformity observed (including any issue in product compliance report) shall be communicated in writing to the applicant.
 - i) Reply received for the inadequacy or non-conformity observed shall be examined for its completeness and adequacy. It shall also be assessed (in consultation with audit team member(s)) for adequacy and recommended whether only desk assessment is sufficient or site audit(s) is required.
 - ii) Head BO shall take decision on the assessment made, including the number of mandays required for subsequent site audit(s). For such subsequent site audit(s), single auditor may also be deputed.
 - iii) In case the facts or the explanation furnished by the applicant or its representative is not satisfactory, the application shall be initiated for rejection.
 - 13) Initially all the certification cases shall be processed for grant of certification at HQs. Head BOs shall refer the case through DDGR to CMD-III at HQs.
 - 14) A template of the letter to be sent for communication of grant of certification is attached as **Annexure-II**. The licence to use Standard Mark shall initially be granted for duration as per provisions of the Regulations.
 - 15) In case of an applicant's request for the evaluation of technical file(s) with corrective actions, the request shall usually be allowed to extend an opportunity. However, after repeated instances and delays, the application may be processed for rejection as per the sub-regulation (6) of regulation 4 of BIS (Conformity Assessment) Regulations, 2018. It may include one or more of the situations mentioned below:
 - i) Application is not complete and applicant is unable to clear the shortfall in documents including deficiencies in technical file even after an opportunity
 - ii) Assessment of technical file establishes that the product is not conforming to specified requirements, even after extending an opportunity to the applicant through issuance of rejection notice
 - iii) In case of multiple technical files, application may be processed for grant of certification for concerned products where evidence of compliance is established
 - iv) If corrective actions are not taken within the time period stipulated in discrepancy-cum-advisory report
 - v) Not clearing the financial dues to the Bureau
 - vi) Tampered with documents in connection with the grant of the certification like misdeclaration of data sheets for safety components
 - vii) Indulged in unethical practices in the context of grant or operation of the certification

- viii) Major deviation is observed from the technical file during the site audit(s) like accidental scenario during demonstration was unable to trigger safety function in the desirable manner
 - ix) If major deviation is/are observed in technical file during the desk audit and applicant is unable to complete the actions, even after extending an opportunity through issuance of rejection notice
 - x) Unable to provide all assistance to certification officer in connection with carrying out evaluation audits
- 16)** Before rejecting an application, a rejection notice of not less than 21 days shall be given to the applicant. (template attached as ***Annexure-III***) The applicant shall be given a reasonable opportunity of being heard either in person or through its representative. The competent authority shall pass speaking orders for decision taken. The rejection of application shall be communicated in writing to the applicant. (template attached as ***Annexure-IV***)
- 17)** In addition to these procedural guidelines, any product specific guidelines issued by BIS shall be followed, as applicable.
- 18)** For foreign manufacturers, guidelines issued by FMCD shall be followed, as applicable.
- 19) i)** All the fees shall be payable in advance and is available on BIS website under the following path: <https://www.bis.gov.in/>>> Conformity Assessment>> Scheme-X certification>> Fee.
- ii)** Fees payable on an annual basis shall be paid in advance as per provisions of the Regulations. (enclosed for ready reference as ***Annexure-V***)

Annexure - I

Indicative list of machinery under voluntary certification under Scheme-X of BIS (Conformity Assessment) Regulations, 2018

Annexure - II

Our Ref: BO (Scheme-X)/A-

Date:

Subject: Grant of BIS Product Certification No.-

M/s

Dear Madam(s)/Sir(s),

With reference to your application, we are pleased to inform you that the certification has been granted to you in accordance with conformity assessment Scheme-X of BIS in respect of the followings:

Product:

(i) Grade

(ii) Class

(iii) Type

(iv) Variety

As per specified requirements

With right to use Standard Mark ()

2. The number assigned to this certification (L-) which has been made operative from and is valid up to

3. The certification number shall invariably be referred to in your future correspondence and maintain conformity to the relevant Indian Standards. Accordingly, you shall cover the entire concerned production under scope of certification with Standard Mark with responsibility to maintain conformity to the specified requirements. In addition, you shall display the BIS certification held by you prominently at your premises and also mention the BIS product certification held by you in your commercial advertisements.

4. According to notification No. dated , the certification fee is payable by you with effect from Our Receipt No. R/ dated is already issued/enclosed/being sent separately.

5. The in-house quality assurance plan submitted by you will have to be implemented by your organisation strictly and completely. The supervision of the operation of this quality assurance plan shall be done by a person responsible for the quality control function in your organisation. Kindly inform us the name and designation of the person who will be held responsible for the operation and maintenance of the quality assurance plan. Any future change in this respect will have to be communicated by you to us as and when these take place.

6. We are enclosing a sheet giving the preferred dimensions of the Standard Mark to enable you to prepare the designs of the Standard Mark for marking the above product Photographic

reduction in any size is permissible. This will ensure the relative proportions of the different dimensions maintained. Preferred dimensions be used as far as possible.

7. On commencement of marking of your product for which you are certified, you shall advertise your product with Standard Mark in various media only during the validity of your licence. The use of Standard Mark on letterheads and publicity literature is permitted only on receipt of your assurance that in the event of cancellation or lapsing of your certification, the Standard Mark on your letterheads, publicity literatures etc. will be destroyed/obliterated.

8. This certification is granted for your manufacturing premises situated at (Address of factory) Privileges under the certification shall not be exercised by any other firm company/factory etc. This certification is not transferable in the event of shifting to some other premises, use of BIS certification rights shall be stopped till the prior verification by BIS and assessing them to be satisfactory.

9. You are also advised to make yourself and other employees in your organisation aware about the provisions of the BIS Act, 2016 and Rules and Regulations framed thereunder especially the implications in case of any intentional or unintentional non-adherence.

#10. You are required to furnish the following documents within time-norms from the date of issuance of this letter failing which the certification awarded to you is liable for actions like suspension/cancellation without any further notice:

- i) Within 15 days - Agreement for grant of licence to use Standard Mark duly executed on non-judicial stamp paper of ₹ 100.00, incorporating the terms and conditions as per the format.
- ii) Within 15 days - Indemnity bond for full and sole responsibility duly executed on non-judicial stamp paper of ₹ 100.00, incorporating the terms and conditions as per the format.
- iii) Within 45 days - Performance bank guarantee of US\$ 10,000.00 issued by any bank having RBI approved branch in India or in equivalent amount of ₹, as per the format. This performance bank guarantee is to be routed through the Indian Branch of the concerned Bank.

Thanking you,

Signature of designated authority
(Name of designated authority)

Encl: As above.

(# applicable in case of foreign manufacturers only)

BUREAU OF INDIAN STANDARDS

(Department of Consumer Affairs)

NOTIFICATION

New Delhi, the 24th May, 2023

No. CMD-2/G-18.—In pursuance of paragraph 5 of Scheme - X of Schedule - II of Bureau of Indian Standards (Conformity Assessment) Regulations, 2018, the Bureau hereby notifies the fee as given in the following schedule. Provided that nothing in this notification shall affect the fee separately notified for any product or group of products.

SCHEDULE

Sl. No.	Fee type	Fee (in ₹)
(1)	(2)	(3)
1.	Application fee for grant of licence	2,000
2.	Application fee for grant of certificate of conformity	2,000
3.	Certification fee for grant of licence or renewal of licence	25,000 per year
4.	Certification fee for grant of certificate of conformity	10,000
5.	Fee for review of technical file for grant of licence or certificate of conformity or change in scope of licence	20,000 per technical file
6.	Inspection fees, including surveillance, for any site visit	20,000 per manday
7.	Sample procurement charges	On actuals
8.	Testing Charges	On actuals

Note 1: The Bureau reserves the right to collect the fees in advance.

Note 2: The manufacturers which are situated outside the territory of India shall bear all expenses, including cost to the Bureau of the days spent by its certification officer(s) in connection with the inspection, audit or evaluation at the manufacturing facility, testing laboratory or any other premises (from the time of departure from the place of posting till return thereto), and testing fee as the case may be, as decided by the Bureau.

Note 3: Following concessions shall be applicable in respect of all types of fees mentioned in above table, except for application fee for grant of licence or certificate of conformity and those collected on actuals :-

- (1) For small and medium scale enterprises, concession of 20%.
- (2) For micro scale enterprises, concession of 80% for the initial three years from the date of this notification and an additional concession of 10% on the fees applicable to small and medium scale enterprises, afterwards.
- (3) For start-up enterprises, concession of 50% for the initial three years from the date of this notification and as per its applicable micro, small or medium scale categories, afterwards.
- (4) For women entrepreneur enterprises, concession of 50% for the initial first year from the date of this notification and an additional concession of 10% afterwards on its applicable micro, small or medium scale categories, afterwards.
- (5) For north-eastern areas as defined in the North-Eastern Council Act, 1971 (84 of 1971), an additional concession of 10% irrespective of the scale of the enterprises.

Explanation:

- (i) The expression micro, small and medium enterprise shall have the meaning as assigned to it in the Micro Small Medium Enterprises Development Act, 2006 (27 of 2006).
- (ii) A start-up shall have the meaning as assigned to it in the Income Tax Act, 1961 (43 of 1961).
- (iii) A woman entrepreneur enterprise shall be defined as an enterprise situated in India, owned and controlled by a woman having a minimum financial interest of 51% of the capital.
